

## National Toll-Free Numbers

The following is a selected list of toll-free numbers for national organizations concerned with disability and children's issues. Inclusion on this list does not imply endorsement by NICHCY or the Office of Special Education Programs. There are also many national disability organizations providing services and information which do not have toll-free numbers. If you would like additional help in locating assistance, contact NICHCY at 1.800.695.0285 (Voice/TTY) or visit our Web site ([www.nichcy.org](http://www.nichcy.org)), select "Search for Information," and search for organizations related to your areas of interest or concern. Do the same if you find that a phone number listed on this sheet doesn't work. Contact information for organizations, of course, is always changing, while this paper list will not! It was printed on *January 14, 2004*.

To help you see at a glance which numbers are different in this *January 2004* edition, we've marked all new or changed entries with a ★.
